

HUGHES REPLIES TO RUSSIAN APPEAL

SECRETARY LAYS DOWN REQUIREMENTS THAT SOVIETS MUST MEET

Safety of Human Life, Guarantee of Property Rights, Free Labor Are Some of Essentials Mentioned---Note Only Dealt With Economic Side of Question.

(By The Associated Press)
WASHINGTON, March 25.—The American government notified Russian soviet authorities today that resumption of trade between Russia and the United States could not be considered until fundamental changes had been made in the economic system underlying the soviet regime.

Safety of human life, guarantee of property rights, free labor and observance of the sanctity of contracts were among the requirements laid down in a brief note by Secretary Hughes as essential to trade resumption. The communication added that "convincing evidence of the consummation of such changes" must be furnished before this government even cared to discuss the subject.

These requirements, the note declared, lay at the foundation of Russian productivity, by which alone the nation could hope to rebuild her foreign trade and make herself attractive economically to the nations with which she desires to exchange products.

Issues Formal Statement.
The communication was made public at the state department in the form of a statement by Secretary Hughes with the notation that a copy of it should be sent to the American consul at Leningrad, to be handed to a Russian representative there.

The note was in reply to the appeal recently addressed by the soviet regime to President Harding and congress asking that trade relations between the United States and Russia be restored and purposing to send a delegation to the United States to negotiate to that end.

Prior to making a final decision the Russian trade question was discussed for nearly two hours by President Harding and his cabinet, taking into account a vast collection of data on Russian conditions gathered by the state and commerce departments. Secretary Hoover declared the conclusion reached shows the complete agreement of the views of the whole administration.

Dealt With Economic Problem.
Unlike previous official pronouncements of the American government's attitude toward the soviet regime, Secretary Hughes' note dealt solely with the economic aspects of the problem and made no attempt to discuss the political short comings of the unrecognized Bolshevik government. It set forth in a few words the reasons why the United States considers it poor business to trade with Russia under existing conditions.

It was said there was nothing in the note to reverse or modify the communication to Italy in which the Wilson administration set forth at length last August the unwillingness of the United States to enter into political negotiations with a government "based upon the negation of every principle of honor and good faith."

Text of Communication.
"The government of the United States views with deep sympathy and grave concern the plight of the people of Russia and desires to aid every appropriate means in promoting proper opportunities through which commerce can be established upon a sound basis. It is manifest to this government that in existing circumstances there is no assurance for the development of trade as the supplies which Russia might now be able to obtain would be wholly inadequate to meet her needs and no lasting good can result so long as the present causes of progressive impoverishment continue to operate. It is only in the productivity of Russia that there is any hope for the Russian people and it is idle to expect resumption of trade until the economic basis of production are securely established.

"Production is conditioned on the safety of life, the recognition by firm guarantees of private property, the sanctity of contract and the rigid enforcement of the rights of labor. Fundamental changes are contemplated involving due regard for the protection of persons and property and the establishment of conditions essential to the maintenance of commerce this government will be glad to

BOY KILLED WHEN TRACTION ENGINE BOILER EXPLODES

Three Others Suffer Painful Injuries In the Accident

CAUSE OF EXPLOSION IS NOT KNOWN

(By The Associated Press)
SAN JOSE, Ill., March 25.—Joe Zimmer, eight years of age, was instantly killed, his father, Teis Zimmer sustained a fractured leg and the latter's brother, Herman Steen was seriously injured by the explosion of a traction engine, which happened about 1:30 o'clock this afternoon at the residence of Teis Zimmer, four miles south of Mason City.

Teis Zimmer was removed to a Peoria hospital. The men were operating a wood saw with the engine, which was reduced to a scrap heap by the force of the explosion.

Just what occasioned the explosion remains a mystery. Whether there was a defect in the mechanism or whether the men permitted the water in the boiler to get low is only a matter of conjecture.

Altho Will Zimmer and Herman Steen are painfully injured it is thought that they will recover.

TRANS-CONTINENTAL FLIER IS INJURED WHEN PLANE FALLS

Returning To San Diego From Jacksonville, Fla.

TAKEN TO NATCHEZ FOR TREATMENT

(By The Associated Press)
MONROE, La., March 25.—Badly injured when he fell with his airplane after striking a tree on a farm near Crowville, in the swampy section of Franklin Parish, northeast Louisiana Lieutenant W. D. Coney, trans-continental flier, late today was enroute to Natchez, where he will be given medical attention and the extent of his injuries ascertained.

Lieutenant Coney on a return flight from Jacksonville, Fla., to San Diego, Calif., attempted to land near Crowville when engine trouble developed and in so doing, crashed into a tree. He fell about 75 feet.

Crowville, eleven miles from a railroad and in the midst of a sparsely settled, swampy section, gave every assistance to the flier. The two village physicians rendered first aid soon after he was pulled from the wreckage of his machine by a farm hand.

Altho not prepared to state definitely the doctors expressed the belief that his spine was either broken or severely injured. An x-ray examination will be necessary to determine accurately, they stated.

AUTO DAMAGED BY FIRE
A short circuit is thought to have caused the fire which damaged the Hudson car of Amos Swain at the Rutherford shop on East Court street Friday morning. While work was being done on the motor the machine caught fire. It was immediately pushed into the street and chemical extinguishers were used. The fire department was summoned to assist in the saving of the big machine. Considerable damage was done before the flames were extinguished.

D. A. R. DELEGATES RETURN HOME

Mrs. Bringle Williams of East St. Louis, who was a delegate to the D. A. R. conference from Cahokia Mound Chapter, returned home yesterday. Mrs. Williams was a guest at the home of her sister, Mrs. O. H. Buhrman. Other D. A. R. guests there were Mrs. C. B. Harrison and Mrs. W. J. Hildebrand of Belleville.

TIME ON HIKE
Members of the Boy Scout troop of Westminster church, of which George Drennan is the Scout Master, enjoyed a hike to Rowe woods yesterday. In the absence of the scout master the boys were accompanied by Dr. Thomas Smith. The start was made at 9 o'clock and the party did not return until late afternoon and they thoroughly enjoyed the outing.

LEGALIZED BOXING IS DENOUNCED BY THOMAS R. QUAYLE

Theodore Roosevelt Quoted to Prove Assertions

SAYS BOXERS NOT GOOD CITIZENS

(By The Associated Press)
CHICAGO, March 25.—Thomas R. Quayle, speaking for the Lake County Law Enforcement League, and for the Federated Churches of Chicago, told the legislative boxing sub-committee today that any "form of professional boxing is vicious," denounced professional boxers as "poor citizens," and finally called upon the literature of the late President, Theodore Roosevelt to testify "to the brutality of this sport."

Several professional boxers, including Charley White of Chicago, Battling Nelson, Harry Forbes, heard the speaker's arraignment. "All that is favor in boxing," said Mr. Quayle, "is the four-round no-decision bouts, with ten ounce gloves, as we saw in the army and navy camps. I am unalterably opposed to any form of professional boxing."

He then read a chapter from a book written by Theodore Roosevelt while he was commissioner of police in New York.

Boxing is hopelessly debased. Commercialism and brutality have operated to degrade this sport," Mr. Quayle read. He said the late president "admirably answered" the argument that boxing is good exercise.

"How much exercise does a group of 10,000 people get from watching 100 people beat each other insensibly," Mr. Roosevelt queried.

Asserting that a prize fighter is "not a good citizen," Mr. Quayle referred to the record of Jack Johnson, the former heavy weight champion. He also reflected on the war patriotism of Jack Dempsey and Les Arcy, the Australian middle weight champion.

None of the women who had been invited to speak on the proposed boxing law legalizing the sport in this state appeared.

State Senator Denver, who spoke in favor of legalized boxing, said he would support the committee bill, declaring that the veto two years ago on a similar bill by Governor Lowden was dictated by the governor's presidential aspirations at that time.

PARDONS PROBABLY WILL BE GRANTED

(By The Associated Press)
MADRID, March 25.—King Alfonso was well enough today to attend a private Good Friday service in the palace celebrated by Bishop Sion. The bishop presented to the king several petitions for the pardon of prisoners condemned to death.

Probably six pardons will be granted the ceremony consisting of the king tearing the black band from the documents in the case and replacing it with a red band, indicating a pardon.

At the same time the king says: "I pardon this man as God pardons men."

CONFESSED TO KILLING FOUR

ATLANTA, Ga., March 25.—A statement that he "had knocked four negroes in the head with an axe in one week and buried them in a pasture," on the Williams plantation in Jasper county was contained in the confession said by officers to have been contained from Clyde Manning, a negro, held as a material witness in connection with murder charges against John Williams, owner of the plantation.

Manning was told previously to have confessed that eleven negroes, held in peonage had been killed. Three bodies recently were recovered from the river. Manning explained the officers said that it had been necessary to kill the four he knocked in the head in order to escape with his own life.

CHANCE FOR SOMEBODY AT MUSCLE SHOALS

Washington, March 25.—If any industrial organization will guarantee the government a fair return on its investment at Muscle Shoals, Ala., Secretary Weeks, chairman of the federal power commission, will recommend that the additional \$20,000,000 necessary to complete the project be appropriated. He announced today. About \$16,000,000 has already been spent at Muscle Shoals.

IF YOU WANT TO KICK IN USE THIS RECIPE

SAN FRANCISCO, Cal., March 25.—An unidentified man who shot and killed himself yesterday on a lumber pile, after calling a small crowd to witness his death, left a recipe for "Jackass Brandy," which the corner's office made public today.

The recipe contains the following items:

"Seven spoons of barbed wire, ten pounds of chewing tobacco, one sack of turtle roots, one can of blasting powder, five gallons of river cool for nine days and nights, water. Mix all together and set on ice and cool while you dig your grave. Then take one drink and go for the hole. You will not need a covering. The Jackass will cremate you."

DEBS EXPRESSES APPRECIATION OF CONFIDENCE SHOWN

Feels That Department of Justice Has Been Fair

TOLD DAUGHERTY HAD NOTHING TO RETRACT

(By The Associated Press)
ATLANTA, Ga., March 25.—Eugene V. Debs, returned to the Atlanta penitentiary today to resume the routine of prison life after his trip to Washington where he discussed his case with Attorney General Daugherty. The socialist leader, who is serving a ten year term on conviction of violating the war time espionage act was smiling as he alighted from the train and in the brief time before he met the warden and was whisked away to the prison answered every question except those about his conference and his chances of release.

"I appreciated the confidence shown in me by letting me go alone and on my honor to Washington," said Mr. Debs, "and I enjoyed the trip."

Department Has Been Fair. Mr. Debs feels that the department of justice has been "fair and square with him so far, no matter what the final decision is," according to Samuel Castleton, attorney for Debs.

"I think his chances are good, but that is only my opinion," said Castleton when asked about results of the conference. "Mr. Debs made it plain to the attorney general that he had nothing to take back nothing to recant," added Castleton, "and he was not asked to."

"Oh, I can't talk to you about that," Debs said to almost every question regarding the conference and the chances of a pardon as a result of it.

APPLY FOR RELEASE OF ROSENBLUTH

(By The Associated Press)
NEW YORK, March 25.—Application for the release on bail of Robert Rosenbluth, former captain of engineers in the United States army, held in connection with the death of Major A. P. Cronkhite at Camp Lewis, Washington on October 25, 1918, will be made tomorrow, when the accused officer is arraigned in removal proceedings before the federal commissioner.

Rosenbluth, with his attorney, today conferred with John E. Joyce, assistant United States attorney, and submitted himself to interrogation in the hope of inducing the government to admit him to bail. Rosenbluth insisted he is innocent of any part in the death of Major Cronkhite.

LICENSED WAREHOUSES INCREASING RAPIDLY

(By The Associated Press)
WASHINGTON, March 25.—The number of licensed warehouses in the United States has passed the 300 mark and is rapidly increasing. George Livingstone, chief of the department of agriculture's bureau of markets, said in an address tonight before the American Association of Refrigeration. The licensed establishments include those dealing in cotton, grain and wool, he said.

Mr. Livingstone announced that his bureau had drafted plans and specifications for a standard refrigerator car, based on exhaustive investigations and tests.

RELATIONS WITH SOVIET RUSSIA ARE DIFFICULT

Germany Does Not Believe Much Business Possible

SOVIET POLICY MUST BE CHANGED

(By The Associated Press)
BERLIN, March 25.—(By A. P.)—The German press and public apparently are indifferent to efforts of the powers to re-establish trade relations with soviet Russia. England's arrangements, made thru Leonid Krassin, soviet minister of trade and commerce, followed by the announcement that Dr. Stahler, German commercial representative in Moscow, had perfected a protocol preparatory to a Russo-German trade agreement, caused little comment here, and the soviet note to President Harding, seeking trade relations with the United States, did not inspire any press comment.

The murder of Count von Mirbach, German ambassador in Moscow, and the inability of Dr. Karl Helfferich to remain as ambassador to Russia because of attempts made upon his life, convinced the German foreign office of the difficulty of diplomatic relations with soviet Russia.

This view was strengthened by the propaganda campaign waged by Adolf Joffe, Bolshevik ambassador in Berlin, which resulted in his expulsion from Germany.

Protocol Not Approved.
The protocol negotiated by Dr. Stahler has not been approved by the cabinet, which must act before it becomes effective, but its approval undoubtedly will be forthcoming, as the protocol is chiefly a record of the telegraph, telephone, railway and postal arrangements which have long been in effect and other agreements. The protocol does not provide for restoration of diplomatic relations.

Neither German business men nor German officials believe any considerable business with Russia is possible while the soviet government continues to monopolize business transactions and prevents individuals from trading. Consequently, the protocol is regarded as a preliminary step which may ultimately make a commercial treaty possible if the soviet government modifies its commercial policy.

England's trade agreement with M. Krassin doubtless was responsible for completion of the German protocol, which has been in negotiation for a long time.

STRIKERS RETURN TO WORK PENDING AN INVESTIGATION

Marine Engineers and Officers Protest Wage Reduction.

DEPARTMENT OF LABOR TAKES MATTER UP

(By The Associated Press)
NEW YORK, March 25.—Marine engineers and officers on ocean-going tugs along the Atlantic coast who went on strike yesterday in protest against wage reductions have returned to work pending conciliation by the department of labor.

This message was sent to the department tonight by T. B. Healy, chairman of the Atlantic and Gulf Coast conference of the Marine Engineers Beneficial Association. Orders for marine workers to return were immediately despatched to all affected Atlantic ports by Mr. Healy on receipt of a telegram from the conciliation of the department of labor offering conciliation and urging that the engineers remain at work.

Mr. Healy said that men engaged on boats of the Philadelphia and Reading Railroad have opposed wage reductions and will appeal their case to the railroad labor board at Chicago.

B. L. T. LEAVES \$25,000 ESTATE

Chicago, March 25.—Bert Lester Taylor, known as "B. L. T.," when he conducted the Chicago Tribune's column, "A Line o' Type or Two," died intestate, but left an estate valued at \$25,000. It became known today when letters of administration were granted his widow.

ILL HEALTH CAUSES FRANKLIN RESIDENT TO TAKE HIS LIFE

Charles L. Beerup Commits Suicide By Throwing Self In Well at Franklin Home Friday Evening—Body Discovered by Son and Deputy Sheriff Wright of This City.

(By The Associated Press)
FRANKLIN, March 25.—Discouraged by ill health which made him an invalid for several years, Charles L. Beerup, a well known resident of this city committed suicide about 7:30 o'clock this evening by throwing himself in a well at his home.

The body was found about 8:30 o'clock by his son, Otto and Deputy Sheriff Oyer Wright of Jacksonville, a nephew who was in Franklin serving papers during the afternoon. Mr. Beerup had never displayed any suicidal tendencies and it is believed he was suffering from temporary aberration at the time of his act.

UNCHECKED POWER OF MINORITIES IS MENACE TO U. S.

Statement Is Made By Head of Polytechnic Institute.

LABOR WOEFULLY DEFICIENT IN ACUMEN

(By The Associated Press)
NEW YORK, March 25.—The American Federation of Labor was criticised tonight by Dr. Ira N. Hollis, president of the Worcester Polytechnic Institute for what he termed "undue exercise of power by a minority" in exerting legislative and administrative "pressure in this country."

Addressing an assemblage of mercantile and electrical engineers, Dr. Hollis said: "When the federation demands of congress certain legislation or represents to the president that he must have one of their number in his cabinet, it is undue exercise of power by a minority just as serious to the future of our republic as the present activities of the hyphenates like the German-Americans and the Irish-Americans."

Unchecked Minorities Menace.
"Unchecked power of minorities is a danger to any form of government," Dr. Hollis said.

Scoring what he alleged to be the attitude of labor organizations in teaching the Americans to put in hour simply to get pay, the speaker continued:

"The main emphasis has been placed upon the reduction of hours and more pay per hour, rarely upon the increase of pay by reason of better work and a higher capacity for work. In that respect labor has been woefully deficient."

Railroad workers were condemned by Dr. Hollis for "controlling this country as to its transportation system by the same kind of force that Lord Jellicoe exerted on Germany when his fleet lay doing nothing at Scapa Flow."

POTATOES SHOW BIG PRICE DROP

WASHINGTON, March 25.—The marked decline in wholesale produce prices was illustrated by the department of agriculture's bureau of markets in a statement today of comparison based on reports from ten leading cities.

Potatoes, a year ago were selling wholesale at \$5.75 a hundred pounds, now are \$1.35; onions which were \$6.25 a hundred pounds a year ago now are quoted at 70 cents; new cabbage, which was \$6.25 a barrel a year ago, now is \$3.50 a barrel and best cold storage apples, of standard varieties, quoted at \$8.75 a barrel last March now sell for \$5.50.

Some of the directors of Banker Stillman's institution voted against his resignation but that will surely come later on unless the charges made against him in connection with his sensational divorce proceedings are disproved.

Even if the charges are not upheld, it will be almost impossible to make good his losses of good opinion.

Eugene Debs has been an offender against the law. At any rate he was sent to prison after the usual legal trial process. He has long been a conspicuous figure among the radical element in America, but somehow he has managed to hold a certain amount of public affection and in many quarters he is looked upon as both extremely radical and altogether harmless.

NOW JACKSONVILLE CAN GROW.

It has grown to be an old subject, but too much cannot be said about the value of Jacksonville's supply of pure water. Samples of water which has passed thru the filter give the proof that at least the goal so greatly desired thru years upon years has been achieved.

In a few weeks' time when the water mains and reservoir have been purified, then Jacksonville will have that possession which can be, and will be, the foundation stone for its growth and development.

THE VALUE OF HEALTH.

Gov. Small has done well in laying stress upon the importance of health promotion week, to be observed in April. The figures prove readily that much of public ill-health is preventable and that there is great economic value in familiarizing the public with health and sanitary rules.

Aside from the humanitarian question involved, the promotion of health is a matter of business, for the prevention of sickness and the prolongation of life means the saving of money.

FRANCE THINKS IN TERMS OF WAR.

Statesmen in France, it is said, continually speculate about the time when the U. S. and Japan will meet in warfare. There is nothing very significant about this fact, since France thinks in the terms of the military. And it is not surprising when her own history is considered.

Naturally, too, with the sorrows of the great war still bearing down heavily upon them, these French people cannot but think what might happen to them from German sources if Japan and the U. S. were engaged in a deadly warfare.

HOLDING DOWN EXPENDITURES.

The Morgan county board of commissioners at the present term allowed \$12,000 less than has been true at any term for two at any term for two or more years past. The commissioners are not claiming credit for all of this showing, but they are nevertheless entitled to a share of that credit. Those who have business relations with and for the county board know of the board's earnest desire to reduce the county expenditures in order to bring them into a closer relationship with the funds available.

It is a matter of common knowledge that the board members are working unitedly in the effort to promote the doing of county business on an efficient basis, and the practice of needed economy.

CARDINAL GIBBONS—AN EXAMPLE.

Comment upon the death of Cardinal Gibbons shows widespread sorrow such as is seldom voiced over the passing of any dignitary of church or state.

Typical of these expressions is that which the St. Louis Globe-Democrat voices as follows: "The Cardinal had command of a smooth, vigorous, beautiful prose. Late information as to the number of copies printed of his 'Faith of Our Fathers' is not supplied, but it must be one of the most widely circulated religious works of modern times. He was the second cardinal assigned to this country. As the sole incumbent of this office for many years and titular head of the church to the last, he held a conspicuous station, the observed of millions as well as an observer. In the white light of almost uninterrupted publicity he lived an unaffected, consistent, admirable life, an example to a numerous people. He was a great man and one of the greatest of prelates, and his influence on his fellow citizens and work for church and religion and high morality have a place in an eminent record."

ROY W. VAN PELT SUFFERS INJURY

Receives Painful Cut on Knee Cap In Fall From Tree—Will Be Confined To House for Several Days.

Roy W. Van Pelt is suffering from an injury received yesterday when he fell from a tree in his yard at the corner of Chambers and Goltra avenue. Mr. Van Pelt had been trimming the tree with an ax and when he put his foot down on the step ladder it broke, throwing him to the ground and striking his knee with the ax which he had in his hand.

The fall resulted in a very painful cut on the knee cap. A physician was called and medical attention was given. Mr. Van Pelt will probably be laid up for several days.

Deaths

Lonegan.

The death of Mrs. Thomas Lonegan of Murrayville occurred Friday night at 3:30 o'clock at Our Savior's hospital, after an illness of four weeks, being at the time of death 54 years of age. She is survived by her husband and the following children, Mrs. Louis Pieper, Norma, Rosaleen, Josephine and Thomas Jr. One son, Michael preceded her in death. She is also survived by her aged mother, two sisters, Mrs. E. W. Adams of Houghton, La. and Miss Elizabeth Maroney of this city, one brother, John Maroney of Douglas, Nebraska. No arrangements for the funeral have been made.

Fortado.

Grace Fortado, little daughter of Mr. and Mrs. Matthew Fortado, died at 10:15 o'clock Friday morning at the family home a mile and half northeast of Jacksonville. The little child was born Jan. 21, 1921. The parents with ten brothers and sisters survive. They are Matthew, John, Joseph, Frank, Mary, Manuel, David, Ruth, Daniel and Antonio. The funeral services will be held at 10 o'clock this morning at the home, in charge of Dr. W. E. Spooner, pastor of Northminster church. Interment will be made in Jacksonville cemetery.

MRS. C. F. JOY NAMED ST. LOUIS RECORDER OF DEEDS

Mrs. Charles F. Joy, who has been appointed recorder of deeds in St. Louis, is related to a number of local people. A St. Louis paper says: "Gove, Hyde yesterday appointed Mrs. Charles F. Joy to succeed her husband as recorder of deeds in St. Louis, in accordance with the request of Joy, who is seriously ill at the Mullanphy hospital with cancer."

Mrs. Joy is the first woman to hold the position of recorder in the city of St. Louis. She will continue in office until January, 1923, when her successor, elected in November, 1922, will take office. The salary is \$4,000 per year, an effort to raise it to \$5,000 having failed recently in the state legislature.

Mrs. Joy, who held a position as index clerk in her husband's office since May 5, 1920, has been conducting the affairs of the recorder's office for the past three months.

Joy was elected recorder of deeds for the first time in 1907. He served five two-year terms in congress, from March 4, 1893, to March 4, 1903, representing the Eleventh District. He is 71 years old.

Funerals

Hofmann

Funeral services for J. E. Hofmann were held from the residence on South Clay avenue at 2:30 o'clock Friday afternoon in charge of the Rev. D. V. Gowdy, pastor of Centenary church.

Mrs. Hofmann was furnished by Miss Cora Graham, Mrs. Mae Mitt, C. L. Mathis and James Guyette. The flowers were cared for by Mrs. John Wright, Mrs. William Bond, Miss Fannie Grassley, Mrs. E. L. Snyder and Mrs. Fred May.

Burial was in Diamond Grove cemetery, the bearers being, J. F. Kitner, E. G. Saye, John Hodgson, H. C. Busby, Charles Smith and John Deatherage.

CENTENARY MEN'S CLASS ELECTS OFFICERS

If the plans of the Loyal Men's Bible class of Centenary church are brought into effect, the membership will at no distant date reach a total of 200. This class, with its large membership of men who meet weekly for study of the Bible, is a great factor for good in the city.

At a recent supper and business meeting the following officers were chosen:

President—E. G. Saye.
Vice President—J. G. Berger.
Secretary—George L. Riggs.
Treasurer—Ira Patterson.
Teacher—C. S. Smith.

Membership committee—H. C. Busby, J. M. Deatherage, M. D. Rapp, T. D. Trotter, Fred Six, C. W. Boston and W. F. Miskell.

REMARKABLE GROWTH SHOWN BY PHONE FACTS

J. H. Dial Made Informing Address at Rotary Club Friday—Filtered Water From City's New Plant Served at Luncheon.

"We are serving city water." These were the words on a placard in the big dining room of the Pacific Hotel Friday when Rotarians met for the weekly luncheon. It was filtered water which had not been thru the mains and the members of the club and their guests declared it of excellent quality. Naturally the use of the filtered water on the tables brought some informal talk about the new filtration and power plant and there was common agreement that the development of this project means a new day for Jacksonville.

Following a brief business program, President Pontius introduced J. H. Dial, secretary and auditor of the Illinois Telephone Co., for a brief address on the development of the Telephone industry, considering the question locally and in a national and world wide way.

Mr. Dial spoke informally and presented some very interesting facts. By use of some striking figures he made plain the growth and development of the business in a comparatively few years. He said that Illinois has more phones in service today than England, France, Italy, Greece, Portugal and Norway, and more telephones than all of Asia, all of Africa, South America and the Orient thrown in for good measure. He stated that if all the telephone wires in service were stretched out in a single line there would be sufficient to reach 1,553 times around the earth.

U. S. Phone Facts.

Mr. Dial said that there are more than 12,000,000 phones in operation in the U. S. today, more than in all the rest of the world combined; and that if all the poles in the U. S. were put end to end they would reach to Cape Horn and back twice and a half.

Then Mr. Dial gave some facts about the local company to indicate its size and growth, mentioning that the Illinois Co. of today, with its 6,300 telephones, is a development of a business begun in 1897 with 3 phones. He stated that if the wires of the Illinois Co. were stretched out they would reach from St. Louis to Boston. The company now has 21,000 poles standing. He further emphasized the importance of the Illinois Co. from the local standpoint by saying that the payroll of the company the past year was \$70,000, and that all of the local stockholders are local people. The company employs from 130 to 135 people at the present time.

Mr. Dial said that the consolidation of the Illinois and Bell companies will be beneficial to subscribers in that it will enlarge the available service for each subscriber. The speaker said that an increased charge will be necessary and that application for this increase will be made to the utilities commission but that the increase will be only of an amount sufficient to make it possible for the company to earn a net profit on the invested capital that will enable the payment of 6 per cent interest to the stockholders.

Books Open to Public.

Further Mr. Dial said that all the facts about the company's finances are open to the public and that at any time a committee of citizens would be welcome to inspect the company's records and find out just the amount of money invested and the earnings being made.

John S. Hackett called attention to the opera, "Polished Pebbles" to be presented Monday night by the high school for equipment funds of the club house at Meredosa Bay. Girls from the east were at the hotel at the luncheon hour and the men bought tickets freely. It was decided to join with the other clubs of the district in the purchase of a suitable gift to be made to Gov. Jack Fisher at the conference in Peoria April 13.

R. Y. Rowe of the committee making arrangements for the expedition to Peoria again mentioned that a special train from Peoria to San Jose will make it possible to spend the entire day in Peoria and return that night. It should be mentioned in this connection that while water which comes thru the filter is now in condition for drinking purposes and general use, that not until the work of cleaning the reservoir has been finished and the washing of the water mains done thoroughly will it be safe to use the water as it comes from the faucets.

WAVERLY RESIDENT DIES IN CALIFORNIA

Miss Sophia Watson Passes Away in Santa Barbara — Was Sister of Mrs. L. M. of This City.

Dr. and Mrs. J. R. Harker received word Friday of the death of Miss Sophia Watson of Waverly, which occurred in Santa Barbara, Calif. The remains will arrive in Waverly this morning and funeral services will be held at the Congregational church there Monday morning.

Decedent was born in Waverly and was about 70 years of age at the time of death. She was a school teacher and followed that occupation for many years, being compelled to give up her work on account of ill health. She went to California last fall, in the hope of regaining her health.

She was a sister of Mrs. Lyman, who for many years resided in this city and conducted the club house at Illinois collar.

H. J. RODGERS SUGGESTS AUTO LANDING FIELD

Because of the presence of St. Louis air men in Jacksonville there is a good deal of interest in the proposal to establish a landing field near Jacksonville. The argument is rightly made that if an advantageous field is located here, that with passing time many airmen will be induced to include Jacksonville in their itineraries.

Former Mayor Henry J. Rodgers recently suggested that the north part of the Clark farm, originally purchased by the Citizens water committee and now a part of the Morgan park system, could readily be used for this purpose. The land is comparatively level and its use as a landing field would not lessen its value for park purposes. Certainly this site is worth considering.

WEST STATE STREET CHANGES ANNOUNCED

John Anderson, who recently completed an addition to his store building, No. 313 West State street, has leased the front part of the building to W. B. Rogers and the remainder to the D. N. James Automobile Co. Mr. Rogers in the course of a short time will remove from his present location at No. 44 North Side square.

The James Co. needed the additional space for machine and repair shop in connection with their automobile establishment. It is also understood that Dr. A. B. Applebee has leased from the James Co. a part of the east ground floor room in the Scott Block. Some extensive changes are to be made there that will assure Dr. Applebee a very desirable office suite.

DUNLAP'S TO PLAY IN SPRINGFIELD.

Announcement has been made that Dunlap's orchestra will play at Bidwell's in Springfield April 16th. Bidwell's is considered the place to dance in the Capital City and with the local orchestra furnishing the music the dance ought to be a whiz. Many Jacksonville people are planning to go over for the event.

"THE MIKADOO" COMES TO THE GRAND TODAY

Just a bit of history about the famous comic opera "The Mikado," the sumptuous revival of which Ralph Dunbar is bringing to the Grand today for matinee and night performance will refresh the memories of many who first heard the opera years ago. The libretto was written by William S. Gilbert and the music by Sir Arthur Sullivan. The opera was first produced at the New Savoy theater, London, on March 14th, 1885. The occasion was a triumph for the librettist and the musician. Thousands flocked to the theater during the long run of the production and the many song hits of the attraction were whistled in all parts of London town.

The "The Mikado" was transplanted to the United States and made a more decided hit than it did in England. So great was its initial success that Ralph Dunbar revived it and is rapidly making a fortune from his venture. Mr. Dunbar has fitted the vehicle with a remarkable cast of principals, headed by Ed Andrews, formerly of the Andrews Opera company, who had the role of "Koko," years ago and who made such a decided hit last season as the Sheriff in Mr. Dunbar's "Robin Hood" revival. Miss Ann McCashin is a winsome "Piti-Sing" and Miss Patricia Parker a very acceptable "Yum-Yum." The other characters in this well known opera are in capable hands and the chorus, personally selected by Mr. Dunbar, is of the same notable character that has distinguished all of his productions.

Special attention has been paid to the costuming and to the scenic and lighting effects.

DISPLAY OF LOVELY HANDWORK.

There was a display of beautiful handwork in the window of Dorwart's Market yesterday. The exquisite articles attracted the eye of many a passerby, and when told that it was the work of a young French girl, much interest was aroused. The young lady now lives in this vicinity, having come back to this country as the bride of one of our Morgan county soldiers. The articles on display yesterday were both dainty and practical and were evidence of the rare gift which the French Made-moiselles have for doing exquisite needlework.

THAT GIRL MONTANA

From the Novel by Marah Ellis Ryan

"That Girl Montana" was a Will of the Wisp from nowhere. The man found her in an Indian tribe where her blonde hair betrayed the fact that her blood was of the purest white. He took her to civilization, and when he did he started one of the most dashing romances of the West. If you like a great big western story, full of action and the atmosphere of the clean outdoors, full of girlish laughter and young love, you will like this superb production. Blanch Sweet is seen at her best and she is supported by a notable cast.

CHAPIN RESIDENT OBSERVES BIRTHDAY

Mrs. R. E. Clark Celebrates Anniversary of Birth in Very Pleasant Manner.

Chapin, March 25.—Mr. and Mrs. R. E. Clark entertained a number of their friends recently, the occasion being Mrs. Clark's thirty-seventh birthday. The evening was spent with cards and music, the prize winners of the evening being Mrs. Frank Brockhouse and Mrs. R. E. Clark.

The hostess served a very delightful two course luncheon on the course of the evening. Knowing that Mrs. Clark is one of the most successful makers of angel food cake in Chapin, the guests presented her with a Weavert cake pan. She also received many other gifts.

The guests departed at a late hour, wishing Mrs. Clark many more happy birthday anniversaries.

Those present were Mr. and Mrs. Charles Nergenh and son Harold, Mr. and Mrs. William Fisher and son, William; Mr. and Mrs. C. F. Duckett, Mr. and Mrs. Frank Brockhouse, Miss Ruth Moody.

FUNERAL OF GREENE

COUNTY MAN FRIDAY.

White Hall, March 25.—Funeral services for the late John L. Davidson were held at 2:30 o'clock Friday afternoon in the church at Wrights. The services were in charge of Rev. W. R. Johnson of Jacksonville, and interment was made in the Hickory Grove cemetery.

The death of Mr. Davidson occurred at 8 o'clock Wednesday evening at the home of his son Miner in Wrights, where he was taken ill two weeks previous to his death with pneumonia, followed by complications. He was 66 years of age, and was born in Wrights township, coming to White Hall about twelve years ago to reside. His son Miner is managing the farm. The wife and four children survive, her maiden name being Miss Louise Maberry, all coming from old families of Wrights and White Hall. The children are Grover of Gladstone, Oregon; Mrs. Walter Shepard of Fort Worth, Texas; Carl of White Hall, and Miner, residing on the farm. Goldie, wife of Roy Barnes died a number of years ago. There are twelve grand children.

RECEPTION FOR WHITE HALL BRIDE TO BE.

White Hall, March 23.—A reception and shower in honor of Miss Edith Hodapp was held Wednesday afternoon at the home of Mr. and Mrs. George Spangenberg on Carrollton street. This is the concluding pre-nuptial event preceding her marriage with Clarence Steckel, which will be solemnized next Monday morning in All Saints Catholic church. The bride-to-be is a daughter of Mr. and Mrs. Benjamin Hodapp of southeast of White Hall and Mr. Steckel is the son of Mr. and Mrs. Henry Steckel of White Hall. An array of useful and costly gifts were left for Miss Edith. The proceedings included a vocal number by Miss Bird Duncan, with Mrs. Laura Pritchett as accompanist, and a piano number by Mrs. Mame Winters, both of which were heartily enjoyed. There were also selections on the virola.

HEALTH WEEK IS OFFICIALLY DESIGNATED

Governor Small Issues Proclamation Urging That Attention Be Given An Important Subject.

Springfield, Ill., March 25.—Calling upon every community in the State to take concerted action looking to the betterment of local health conditions, Governor Len Small today issued a proclamation setting aside the week beginning April 17th as Health Promotion Week. His proclamation is as follows:

"The promotion of health, the prevention of disease, the conservation of human life are matters of the gravest concern to the Nation and the State. A healthy, virile citizenship means a prosperous, contented and law-abiding people. During the year 1920 there were reported to the State Department of Public Health over 336,000 cases of communicable diseases, and over 129,000 deaths from all causes in the State of Illinois. In the light of these statistics it has seemed to me fitting that a time should be appointed, by competent authority, during which every community of the State shall take concerted action looking to the betterment of local conditions of sanitation, instruction of the people in the practice of hygiene, determination of the causes of communicable diseases, and the prevention and spread, so far as possible, of such diseases.

"Now, therefore, I, Len Small, Governor of Illinois, for the purpose of promoting the general health and welfare of the people of the State, do hereby designate and proclaim the week beginning on Sunday, April 17, 1921, to be observed as Health Promotion Week; and I urge upon our people, and particularly upon the public schools and civic bodies of the State, a wholehearted participation in the observance of this week to the end that the results to be obtained may be of lasting benefit; and, further, I designate the State Department of Public Health as the agency to outline a suitable program for health promotion, and I suggest that our citizens communicate freely with the Director of Public Health in order that the greatest possible benefit may accrue from the proper observance of these seven days of Health Promotion Week."

MAY CITIZENS FLYING FRIDAY

Effort Being Made to Provide Municipal Landing Field—Robertson to Address Automotive Dealers.

The weather Friday, while somewhat damp and windy at times, was fairly auspicious for flying, and the following Jacksonville citizens availed themselves of the opportunity presented by the presence of Robertson Bros., of St. Louis, and their airplane.

see Jacksonville from the air: Messrs. F. E. Farrell, Ulysses Fox, Elmer Myers, Herbert Eschbach, L. E. Doppe, Harold Gaines, Harold K. Green and Miss Mabel Conboy. All expressed themselves as much pleased with the trip and in the manner in which Pilot Robertson handled the ship.

Mr. Farrell stated he had no real idea before of the size and beauty of our city; that the view from above is magnificent and inspiring, and that he is heartily in favor of some action being taken to provide a municipal landing field, so that Jacksonville may be placed on the map as a place where fliers can stop for supplies and to take on or discharge passengers.

Hutson Bros., under whose auspices the Robertson Bros. are here, are earnestly working to bring about the securing of a suitable landing field, believing that it will prove a valuable asset to the city.

Mr. Robertson will address the meeting of the Jacksonville Automotive Dealers at the Dunlap Hotel Monday night, on the subject of flying as a commercial asset to any city.

JAPAN SETS FORTH HER INTENTION IN ISLAND MANDATORY

Will Promote Moral and Material Happiness of People

NO INTENTION TO ESTABLISH NAVAL BASES

(By The Associated Press) TOKIO, March 25.—Japan's intentions as mandatory for the former German islands in the Pacific among them the Island of Yap are outlined in a 700 word communique read by the foreign office today. Japan will promote, "the moral and material happiness of the inhabitants" and soon will supersede maladministration with a civil government, says the communique.

Reiteration is made of the intention not to establish military or naval bases. The communication calls attention to the tendency to exaggerate the economic and strategic value of the islands and points out that Yap contains only eight square miles and that its harbors are barely capable of accommodating three steamers whose combined tonnage is not more than 9,000 tons. The island has no natural produce, it adds, except for

its cable facilities is a "worthless piece of barren soil in mid-ocean." "It might as well be said," the foreign office declares that the United States obtain control of the Atlantic seas by the purchase of the Virgin Islands as to say that by the mandate to the islands in the South Pacific Japan has taken a sea area of 4,000,000 square miles from Kamchatka, in the north to the South Pacific Islands."

DOING BUSINESS AT LUKEMAN STORE

Formal Opening Will Be Held at Early Date — All Equipment Not Received.

Altho the formal opening date of the Lukeman clothing store, on the east side of the square, has not yet been announced, the store is now open for business. Mr. Lukeman had promised a number of friends that the store would be open for Easter, so in order to make good this promise, the wooden enclosure that has screened the front of the store while improvements were in progress was torn down yesterday and the doors were opened to the public.

While there is a fine offering of goods, the equipment has not all been received and additional stocks are to be received before the opening, the date for which will soon be announced.

While the stocks and equipment are not all in place, it is easy to see that the establishment will be entirely modern and up to date.

TO ORGANIZE BOY SCOUT TROOP IN MURRAYVILLE

At a meeting held at the Murrayville school building last night, the preliminary steps were taken for the formation of a Boy Scout troop in that community. The movement is being fostered by J. E. Thompson and a number of Murrayville residents are taking an active part in the plans.

Rev. D. V. Gowdy, pastor of Centenary church, was the principal speaker at the meeting last night. He described in detail the objects of the Scout organization and explained the laws which govern the same. Vernon Miskell and Merle Martin accompanied Mr. Gowdy to Murrayville and gave some demonstrations of Scout work.

A number of application blanks were distributed among the boys in attendance at the meeting and the indications are that a very strong organization will speedily be effected in Murrayville.

"DAGO JOE" IS RELEASED FROM CUSTODY

Warsaw, Ind., March 25.—John Invagnolia of Elkhart, known as "Dago Joe," held in connection with the death of LeRoy Lovett, was released from custody today, following his testimony before the Kosciusko county grand jury, which began its investigation of the case today. Virgil Decker, also held, charged with the murder, made a statement several days ago charging Invagnolia with having committed the crime. Last night he made another statement exonerating Invagnolia of any connection with the slaying. The grand jury investigation is being held behind closed doors, and with the exception of the announcement that Invagnolia had been released nothing else regarding the investigation was given out.

GENEROUS OFFER TO PITTSFIELD CHURCH

The Pike County Times tells of a generous offer recently made to the Methodist church at Pittsfield by Mrs. Ellen M. Orr, who has subscribed \$6,000 to the building fund. If the church people will pledge \$24,000 in addition to the fund already pledged, Mrs. Orr will provide in her will for the deed to the church of a 93-acre tract of land, valued at \$14,000.

Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 461 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Morning I would arise feeling very tired and having headaches, and see faint specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble disappeared. The backache stopped entirely. My eyes were restored to healthy normal vision. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

Warming relief for rheumatic aches.

HE'S just used Sloan's Liniment and the quick comfort had brought a smile of pleasure to his face. Good for aches resulting from weather exposure, sprains, strains, lame back, overworked muscles. Penetrates without rubbing. All druggists have it.

PLAN SURVEY OF WORLD PRODUCTION AND CONSUMPTION

Program Has Been Approved By President Harding

HOOVER SAYS NEED IS APPARENT

WASHINGTON, March 25.—Plans for a survey of world production and consumption together with the gathering of figures or visible stocks of all commodities are under consideration by federal officials. An effort already is under way by the department of commerce to obtain the figures on cotton and leather. The program has been approved by President Harding and has been passed on to Secretary Hoover to develop.

The motive behind the movement is to supply American commerce and agriculture with facts and figures concerning the world markets of the present and future. Mr. Hoover said tonight. In order to provide a sound basis for producing and trading, he declared it was important that world conditions be definitely known. He added that statistics on American production and stocks are not sufficiently complete, but they offer a foundation from which to work.

It is not the intention to launch into a program of obtaining statistics on all commodities at this time. Altho Mr. Hoover said he believed the need was apparent, he added that his department was handicapped by lack of personnel and other facilities.

For the present it is proposed to gather the data thru American diplomatic offices and trade representatives abroad where they exist. But Mr. Hoover explained such facilities were necessarily limited and meant slow progress.

WILL HAUL COAL IN LAKE BOATS

Philadelphia—(By A. P.)—To expedite the movement of coal to ports on the Great Lakes when lake shipping reopens this spring, the Pennsylvania railroad is loading lake boats tied up for the winter at Cleveland, Erie, Ashtabula and Sandusky. The plan is being carried out for the first time this year. It will enable the lake boats to move coal cargoes aggregating about 200,000 tons as lake ports are again reopened.

Normally about 28,000,000 tons as soon as lake ports are again reopened. Normally about 28,000,000 tons of coal are delivered by the railroads at the lake ports during the shipping season. Most of the coal is destined for Duluth for industrial uses and railroad fuel in interior points in the northwest, about 200 coal boats being engaged in the traffic. The Pennsylvania railroad carries approximately 20 per cent of the coal, principally from the central region of its system.

Under the early loading plan it is expected that a great deal of the congestion and delay attending the movement of coal when the lake shipping season opens will be avoided.

CALIFORNIA SENATE WANTS U. S. TO MOVE

Sacramento, Calif., March 25.—A joint resolution to memorialize congress in the case of Sergeant Frank Zimmer and Carl Neuf, held by the German civil authorities in the Bergdoll case, was introduced in the state senate today. It would urge federal authorities to "take such action as may be proper to secure the transfer of these men to the United States military authorities for such disposition as their action may merit. It would also request that steps be taken to obtain the surrender of Bergdoll.

FORMER PRESIDENT RECOVERING FROM RECENT ILLNESS

Suffered An Attack of Acute Indigestion Friday

MOST OF AFTERNOON SPENT IN BED

WASHINGTON, March 25.—Former President Wilson was said tonight to be recovering satisfactorily from an acute attack of indigestion which he suffered shortly after noon today. Admiral Cary T. Grayson, his physician said it probably would be another day or two before Mr. Wilson could be considered as entirely recovered.

Mr. Wilson has been subject to nervous indigestion for a number of years and today's attack, altho without warning was not wholly unexpected, it was said. Only members of his family and servants were present when the attack occurred but hurried calls brought Dr. Sterling Ruffin, who previously had attended him, to the home. Dr. Grayson arrived soon after and with Dr. Ruffin applied the remedies that had proved successful in previous attacks.

Mr. Wilson was said to have quickly responded to the treatment and Dr. Ruffin on leaving the Wilson home about 2:30 o'clock, described the patient's condition as satisfactory.

Most of the afternoon was spent by Mr. Wilson in bed, his condition being described as much similar to that of the normal person who had suffered from such an attack. Late in the afternoon he was up for a little while and seemed to feel much better.

Those present were Mr. and Mrs. Howard Tucker, Mr. and Mrs. Ernest Brownlow, Mr. and Mrs. Jess Delps, Mr. and Mrs. Elmer Giffen, Mr. and Mrs. Frank Galloway, Mr. and Mrs. Omar McDaniel, Mr. and Mrs. R. REBEKAHS OF CHAPIN ARE ENTERTAINED

Rally Commemorated Founding of Order — Interesting Program Carried Out by Members of Lodge.

Chapin, March 25.—The Rebekah Lodge of Chapin was royally entertained at the hall Wednesday evening, March 23. It was a rally of the lodge and husbands with some invited guests. This was to commemorate the institution of the Rebekah order by Colfax. After lodge the guests were invited to come dressed for a hard time social, which they did to the satisfaction of all.

The program was in charge of Mrs. R. E. Clark and was very much enjoyed. The first on the program was a 2 and 4 contest in which Miss Mary Black assisted by Mesdames Griffen, Fisher and Hamilton won the prize.

Next was naming the different parts of a chicken, in which John Taylor was the lucky contestant. Next came a pop corn throw, Mrs. Ada Smith being the winner.

The grand prize went to Mrs. Sarah Heiser, she being the most comically dressed lady present.

An elaborate luncheon was then served by Mesdames Brownlow, Tucker, Blair and Hester, after which a social hour was spent.

CENTENARY CHURCH
WILL REMOVE TOWERS

Building Committee Decided on This Action at Session Held Friday Night.

By decision of the building committee of Centenary church at a meeting held Friday night at the home of Mrs. E. L. Kinney, the two towers of the church will be taken down. The tower at the northwest corner of the church is the larger and its height will be reduced at least 30 feet. Shingles from both towers have been dropping for some time and it has been deemed advisable instead of spending funds for repair work to remove the towers.

The committee believes that the work proposed will have the effect of improving the appearance of the church building. Bids are to be received for the proposed work. The members of the committee are Mrs. E. L. Kinney, J. W. Taylor, Ira Patterson, Rev. D. V. Gowdy and T. H. Buckthorpe.

COLORED BOY SCOUT

TROOP IS ORGANIZED
The first colored Boy Scout troop in the city was organized at a meeting held last night at Bethel A. M. E. church. Fourteen boys presented application blanks for membership and paid their fees, and a troop committee will be appointed at a later meeting. Rev. R. H. Hackley, pastor of the church, will serve as scout master, and the indications are that this will be one of the live Boy Scout organizations of the city. J. S. Findley was present last night to explain the Scout laws and oath and to answer questions.

HOUSE CLEANING TIME
IS HERE, ETHEL, MAY
HAS JUST STARTED

Hello, Central! Give me 6543. Yes, that's right. Hello! Is that you, Ethel? This is May. Wonderful day, isn't it. Just called up to see what you were doing. Housecleaning? Why, isn't that funny; so am I, but I am going down town this afternoon to look at rugs. Where do you think you will buy your rug? Where? Why, Ethel, you know I trade at the People's Furniture Co., 209-11 So. Sandy street. They are so reasonable and then you can trade in your old one for part payment. Gee! that sounds good. I'll go down with you. I want to look at kitchen cabinets. Will meet you at 2:00. Good-bye.

SUNDAY SCHOOL HOME
DEPARTMENT WORKERS

Will Hold Seventh Annual Meeting at State Street Church, April 4th.

Seventh Annual meeting of the S. S. Home Department will be held at State Street church April 4, 1921. This will be the program:

Scripture Reading and Prayer—Rev. D. V. Gowdy.
Ladies Quartette — Mesdames C. A. Obermeyer, J. J. Reeve, E. D. Herald, Charles Hopper.

"Tis a pretty good thing to be cheery, and sing as you follow the road, for a good many pilgrims are weary and hopelessly carry the load."—Rev. W. H. Marbach.

"Your time will come. Dream and scheme and make your ideals materialize into pulsating realities."—Rev. W. E. Spoons.

Deliver us from indifference—Rev. G. W. Randle.

A Home Department will never commit suicide. It is too good to do such a wicked thing as that. Remember that when it is "dead" it has been killed, and "Who killed Cock Robin" is a matter of very small import, besides the question "Who killed the Home Department."—Rev. R. O. Post.

We hear much about the neglected classes. Is there any thing in it? O yes, there is talk in it. But when the Home Department takes it up, there is walk in it, and work too. "The neglected classes" and the neglecting classes are like the once famous Siamese twins—where you found one you found the other—C. O. Bayha.

Who should be chosen for Home Department Superintendents? Some one who has religion in the feet or in the S-O-L-E—Rev. Thos. Smith.

Department superintendent. From this position there is no promotion, as there is no higher position in the school—Rev. H. A. Griswold.

Four things needed; first, a Sunday School to hitchy, second, a home with some one in it who does not attend Sunday school. Third, a lesson paper. Fourth, some one to carry that lesson paper to that home and get that individual to agree to study the lesson in that paper—Rev. F. M. Rule.

How to keep the Home Department alive? Attention, How to kill it quick! Neglect—Rev. Ray Ragan.

Difficulties and how to meet them, third beat them—Rev. T. H. Tull.

How the Home Department and Cradle Role may be of service to each other—Rev. E. L. Fletcher. "Toda is your day and mine; The only day we have; The day in which we play our part;

What our part may signify in the great world. We may not understand, But we are here to play it, And now is our time."

—Rev. M. L. Pontius. Understand the work before your undertake it. Undertake the work when you understand it.

Make it your business to succeed in the work, and stick to the business.

By observing these three rules you can defy Satan and all his hosts; you can silence all critics and objectors, and start and maintain a successful Home Department in any S. S. in America. "Nothing succeeds like success."—Wm. Crum.

Look ahead, go ahead. Take one step at a time.

—Mr. Ben Roodhouse. Ladies Quartette (Grace church)

Each person whose name appears on this program has consented to allow me the privilege of assigning to him, any subject that I may choose and until this copy appears he has not yet seen. I appreciate this fact and know that the S. S. Home Department and cradle role workers will not fail to be present for the noon luncheon and the feast to follow on April 4 at State Street church. "Every great and commanding movement in the annals of the world is the triumph of enthusiasm." "Nothing is so contagious as enthusiasm"; it is the real alchemy of the lute of Orpheus; it moves stones, it charms brutes. Enthusiasm is the genius of sincerity, and truth accomplishes no victories without it."—Mrs. Charles Hopper, President of Home Department Union.

Social Events

Entertained Bridge Club

Mrs. Clarence Large was hostess to the Bridge club yesterday afternoon at her home on Clay avenue. There were eight guests present, and following the hours spent in playing, the hostess served dainty refreshments.

Annual Birthday Social

Given by Marys and Marthas. The Marys and Marthas of Grace church held their annual birthday social yesterday afternoon at the home of Mrs. J. F. Berry, on West College avenue. This was the annual social which the ladies have and there were several assistant hostesses yesterday. The members all contribute the birthday dues at this social.

There was an enjoyable music program given. Miss Alice Draper played a piano solo and Miss Josephine Conboy sang "Sing Me to Sleep." She was accompanied by Miss Esther Duncan, who played a piano solo.

During the pleasant social hour dainty refreshments were passed. Mrs. Dave Kennedy was chairman of the program committee.

Westminster Guild Meets

Members of Westminster Guild met Friday afternoon at the home of Mrs. Stanley L. Davis, in Woodland Place. There was a very good attendance and the session was a profitable one. The program of the afternoon was in charge of Mrs. Davis, the theme being, "The Church and the Community." Mrs. Davis filled the dual role of hostess and leader to perfection and those present were greatly interested in the presentation of the subject.

After the program there was a brief social period and at this time the hostess served light refreshments.

Rebekah Family Supper

The annual family supper of Caritas Rebekah lodge No. 625 I. O. O. F. was held at Odd Fellows Hall on West State street Friday evening. The supper was served by a committee of Mrs. Emma McGlothlin, chairman, Mrs. Sallie Brodie, Mrs. Louise Barnier, Mrs. Charlotte Dodsworth, Mrs. Edna Roberts, Mrs. Della Baisley. Ample good things were provided for all altho a very large crowd was present.

The entertainment following, with Mrs. Sallie Brodie as chairman, was listened to by a similar large crowd. A piano solo was given by Kenneth Thomson. This was followed by a paper on Schuyler Colfax, the founder of the Rebekah degree, read by Mrs. Anna Baldwin. Following this the play "The School at Skeeter Corner" was given.

Mrs. Abbie P. Spillman acted as teacher, and the play given was comic from the time the teacher made her first appearance until the last pupil left the room. The proceeds from the play netted a nice sum.

ENTERTAINMENT AT
WOODSON CHURCH

Young People of Christian Church Give Program as Benefit for Orphans and Old People's Homes.

An entertainment was given last night at the Woodson Christian church, the proceeds of which will constitute an Easter offering to orphans' and old people's homes. There was a very large attendance and a goodly sum was realized. The program was arranged by the members of the Sunday school classes taught by Miss Zella Crain and Nellis Crain, and the success of the event was very gratifying to the young people.

The program included the following numbers:
Solo—Miss Grace McAllister.
Solo—Miss Marie Megginson.
Reading—(Mrs. Harvey Harney.

Address, Rev. I. H. Fuller; Subject, "Marriage and How to Choose It."

Reading—Miss Edith Watt. Dialogue, "The Lost Pocket-book"—Boys and Girls classes.

At the conclusion of the program refreshments were served in the basement of the church.

WILL DISCUSS FAIR PLANS TODAY

Community chairman appointed to co-operate in the management of the domestic science department of the Morgan county fair will meet today at the farm bureau headquarters at one o'clock. H. J. Rucker, assistant county agent, said last night that a full attendance of the chairman is expected and that a number of matters of importance in arranging for this department of the fair will be considered. It is not too much to expect that the domestic science department will be one of the most important of the fair features.

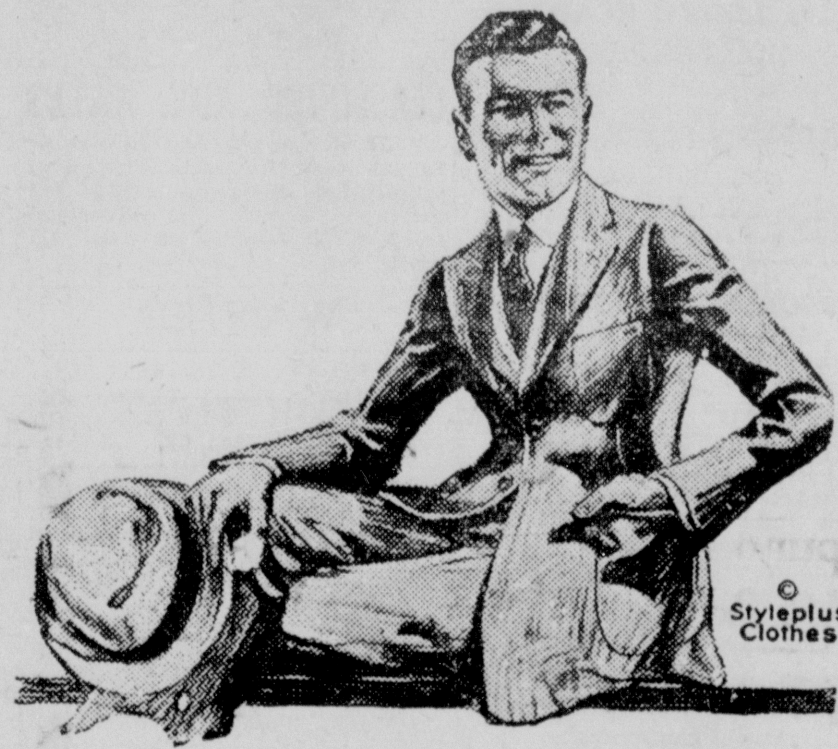

NOTICE.

There will be no service at the Pisgah Presbyterian Sunday. The annual congregational meeting will be held the first Sunday in April.
